STATUS LETTER

We would appreciate receiving a Status Report on the above-identified application at the earliest possible date.

A review of our files indicates that the Decision on Petition mailed December 5, 2007 was the last correspondence from the U.S. Patent and Trademark Office in this application. The Decision on Petition indicated that the application was being forwarded to Technology Center 3774 for further prosecution; however, in a recent teleconference, the Examiner stated that the application was unavailable due to the petition.
